

Global Learning Experiences

Overseas trips for women and teen girls that:

- Offer distinctive experiences for participants to understand issues that affect women & girls around the world.
- Include meetings with local women and girls, cultural activities, and service elements.
- Promote seeing the world as global citizens, break down barriers, & facilitate conversation.

Previous and planned trips include Italy, Morocco, and Costa Rica.

WHO PARTICIPATES IN GLOBAL LEARNING EXPERIENCES?

Global Learning Experiences bring women and teen girls together to better understand societal issues around the world, engage in meaningful conversation, participate in cultural learning, and get involved in community engagement projects.

HOW TO GET INVOLVED

One World Girl is consistently seeking new opportunities to work with our community to support empowering girls and women. Please contact us if you are interested in sponsoring a scholarship or working with us as a community partner.

The Morocco trip was exceptional and truly transformative for me. It was my first trip to a predominantly Islamic country and my first trip to Africa, the continent that birthed my ancestors. Also, my first trip with a group of women - and how blessed was I as they were all the very definition of phenomenal women. We learned and grew and overcame our discomforts together.
